

The Reece group and Viadux regards its people as its most valuable asset and places the highest priority on protecting them

In pursuit of its objectives, Viadux;

- *Believes safety is everyone's responsibility and we integrate health and safety into all aspects of our business*
- *Manages risk by implementing and monitoring its health and safety management system and by continually reviewing performance*
- *Ensures the business complies with all relevant occupational health and safety laws, regulations, standards to ISO 45001 and the Reece Group SafeR programme requirements*
- *Involves employees, suppliers and contractors in the improvement of health and safety performance*
- *Promotes safe behaviour and training for all employees in their areas of responsibility*
- *Ensures that all workers are informed of and understand their obligations in respect of this policy*
- *Communicates openly with all stakeholders on workplace health and safety issues*
